Summer List Of Things To Do...

- Log In To Naviance
- Register For The SAT or ACT
- College Visits
- Narrow Down Your College Choices
- Begin Working On Applications
- Begin Working On Required Essays
- Don't Forget Your Summer Reading

“Senior Stang” INFO FOR THE COLLEGE BOUND

Not just for the Senior in school!

Summer 2011

The last edition of this year's Senior Stang Scholarship newsletter is dedicated to the tremendous volunteer work of parent, Pam Jenison. Pam is the parent of three Myers Park Mustangs., Ellen, George and Lee. Lee will be graduating this year and attending the University of Alabama. Pam's dedication, time contribution and creative talents will be missed. She has been the main contributor and designer for the newsletter for seven years. I feel fortunate to have worked with her for the past four years in my role as scholarship coordinator. Best wishes to you, Pam and to your wonderful family!

Vicki Brunnick

Rising seniors: Be sure to log on to your Naviance account this summer. If you want to get ahead of the application process begin working on your Senior Profile and entering the colleges you plan to apply to next fall. Working on essays is highly suggested because a good essay can bring many opportunities including a space in some honors college programs

Testing: Check on SAT and ACT schedules for the fall and try to complete testing before November, especially if you are applying Early Action to college!

**Enjoy
