

The Future Center - Your College and Career Planning Resource @ MPHS

Attention all Myers Park students and parents - come visit us at the Future Center!

WHAT IS THE FUTURE CENTER? It is a place located across from the Attendance Office where students can get help answering the question, "What do I want to do after I graduate from Myers Park?"

College Information: The Future Center is a comprehensive and easy-to-use source for college information. We have individual college brochures and applications for over 500 schools, much of which you can take with you. If we don't have information on a college that interests you, Future Center volunteers would be happy to order it for you. The Center has broad college reference materials such as the latest "Peterson's 4-Year College Guide", the Fiske Guide to Colleges, specific information for 2-year colleges, areas of study and majors, and more. We also provide access to college Internet sites.

Financial Aid and Scholarships: There is information in the Future Center on the FAFSA form as well as hundreds of scholarship opportunities available to students of varying interests and academic abilities.

Career Information: Also available in the Center are Career and Job Hunting handbooks, as well as access to computer reference and career Internet sites that can help you identify possible career choices. From the medical profession, to the military, to the Peace Corps and more, information is available to help get you started on your career path.

WHEN IS THE FUTURE CENTER OPEN? The Center is open Monday through Thursday during all four lunches from 10-30 - 12:45 as well every Tuesday after school from 2:15 - 3:15 p.m. Students and parents are welcome to drop in and visit - no appointments are necessary! For more information, contact Carol Auerbach at carol_auerbach@yahoo.com.
